THE BOTHO MISSION TO ENHANCE EMPLOYABILITY

The **Botho Graduate Profile (BGP)** is our central mission to enhance the employability of our students. It is a list of qualities that our students are fully supported to inculcate during their time with us.

ARTICULATE

Able to communicate information eloquently, effectively and appropriately to a given audience.

COLLABORATIVE

Considerate of and able to work and communicate effectively with teams of people from different social and cultural backgrounds.

CRITICAL-THINKING

Having the curiosity and open mindedness to acquire new knowledge by analyzing, reflecting on and evaluating information.

DIGITALLY LITERATE

Able to identify trustworthy information and use technology creatively and appropriately to solve problems, make decisions, and improve quality of life.

ENVIRONMENTALLY RESPONSIBLE

Committed to conserving resources and protecting the environment.

INNOVATIVE & ENTREPRENEURIAL

Able to identify opportunities and take measured risk to develop new and improved ideas, processes and products that create value.

KNOWLEDGEABLE & HARDWORKING

Understanding a field of study with the expertise, professionalism, motivation and commitment to apply the knowledge gained to solve problems and deliver quality work.

POSITIVE & CONFIDENT

Being friendly, optimistic, adaptable and resilient, and able to display healthy self-esteem, especially when interacting with others and making decisions.

SOCIALLY RESPONSIBLE

Makes decisions and takes actions ethically, with integrity, and in the best interest of society as a whole.

BGP Skills listed above are based on inputs from industry, academia, research, our context and global best practice and employability reports.

ABOUT US - A SUB-SAHARAN AFRICAN UNIVERSITY

CREATING IMPACT ACROSS
12 OUT OF 17
SDG's

Botho University (BU) was founded in 1997 and has quickly grown into a prominent multi-disciplinary institution offering quality higher education across four countries across sub-saharan Africa: Lesotho, Botswana, Eswatini, and Namibia, alongside an Online Learning Campus.

Botho University offers qualifications ranging from Certificates to Master's degrees, with plans to introduce Doctoral programs in the near future. With over 4,500 students and nearly 300 staff members, the university is a hub of learning and innovation. In Eswatini, it operates under three faculties: the Faculty of Business & Accounting, the Faculty of Engineering and Technology, and the Faculty of Health and Education.

All of Botho University's programs are accredited by the relevant regulatory bodies in each country where it operates. In Eswatini, we are the only institution to have all our academic offerings fully accredited by the Eswatini Higher Education Council (ESHEC).

The university's 2023-2027 strategy emphasizes the principles of Vibrance, Innovation, and Impact, ensuring that Botho University remains a dynamic and exciting place for students and staff alike. Guided by its core values of integrity, excellence, and inclusiveness, Botho University nurtures well-rounded, entrepreneurial graduates who are globally employable. These graduates possess the attitude, knowledge, skills, and competencies required to drive productivity and foster sustainable economic growth.

Committed to maintaining exceptionally high standards, Botho University is ISO 9001:2015 certified, demonstrating its adherence to international quality assurance standards.

ABOUT US - A SUB-SAHARAN AFRICAN UNIVERSITY

Blackboard®

ACADEMIA
by SEROSOFT

Our Technological Proficiency:

As a modern university, Botho University prides itself on being a technology driven institution in every aspect. The university is mostly paperless and all teaching, learning and administration is primarily based on a wide range of highly sophisticated ERP systems which allows students and staff to truly enhance their digital capacity. The COVID 19 pandemic in 2020 underlined BU's technological expertise when all teaching and learning was successfully migrated to online learning. All lecturers and students from all campuses were supported to adapt to online learning ensuring that Botho University was one of the rare institutions that faced no disruptions to their learning and teaching.

Blackboard Virtual Learning Platform for unmatched student engagement. State- of-the-art E-Learning infrastructure.

Turnitin for stringent academic integrity. One of the Top Plagiarism Detection Software worldwide.

Academia by Serosoft for seamless student administration. Student Information Management System part of the largest Edtech ecosystem globally.

Emerald, Ebscohost, Proquest, JSTOR, Pressreader, Koha, Opac and VLeBooks for unlimited information access. Wide range of Electronic Library, Journals and digital resources.

Digital Devices: 100% digitally enabled education
All students receive a tablet on successful enrolment.

BOTHO UNIVERSITY 2024 GRADUATE TRACER STUDY

with guidance from

IFC

International
Finance Corporation
WORLD BANK GROUP

Botho University is dedicated to ensuring the relevance and impact of our academic offerings, as well as the employability of our graduates. To achieve this, we conduct regular graduate tracer studies, gathering valuable insights that inform our curriculum, student support services, and career readiness initiatives.

In 2024, we conducted one of our most comprehensive graduate tracer studies to date, under the expert guidance of the International Finance Corporation (IFC), a member of the World Bank Group. This extensive study surveyed graduates from Lesotho, Botswana, and our Blended and Distance Learning Campus, all of whom had successfully completed their programs of study between 2018 and 2023.

The findings from this graduate tracer study highlight the strong alignment between our academic programs and market needs. It demonstrates the success of our graduates in securing employment and advancing their careers, while emphasizing the practical, hands-on nature of our programs. These programs integrate real-world challenges and industry-specific case studies, ensuring students are job-ready upon graduation.

Our close engagement with employers is essential to the development of our curriculum. By collaborating with industry leaders, business networks, and government organizations, we ensure our programs remain relevant and forward-thinking. This employer-driven approach, combined with work-based learning opportunities such as internships and projects, enhances our graduates' employability and ensures they are equipped to make an immediate impact in their professional roles.

Botho University is committed to continuous improvement. The insights from this study shape our future academic strategies, ensuring our graduates are equipped with the skills and knowledge needed to thrive in an increasingly competitive global economy. Our comprehensive employability support services, career counseling, and alumni networking opportunities further empower our graduates and enhance their career prospects.

BACHELOR OF SCIENCE IN NETWORK SECURITY AND COMPUTER FORENSICS

Programme details:

The curriculum consists of essential core modules and elective modules that are optional. Specific modules may require prerequisites, requiring students to successfully complete another module or set of modules before registering. Additionally, certain modules may be designated as co-requisite, meaning they must be taken concurrently. The credit load of each module is indicated by the number in parentheses at the end. Each credit is equivalent to approximately 10 hours of combined guided, in-class, and independent learning. Hence, a module with 10 credits generally involves around 100 hours of study.

Admissions Criteria

- 1) SGCSE/equivalent with minimum Credit (C) in 5 subjects including English and Mathematics.
- 2) Applicants in possession of a Diploma or Higher Diploma in related field may be given exemptions based on the credit point equivalency.
- 3) For enquiries and more information please visit our website: www.bothouniversity.com

Graduates of this programme can:

- Design and develop network architecture and ensure security of the network
- Acquire knowledge of computer crime through forensic methods.
- Process Legal requirement for collecting evidence.

Career Prospects:

- Information Technology
- Computer Forensics Analysts
- Vulnerability Security research engineer
- Digital Forensics Examiner
- Malware Media Forensics Analysts
- Forensics Auditors
- Network Security Specialists
- Computer Crime Investigators / Security Analysts

Skills Developed:

- Networking Protocols
- Network Architecture and Design
- Routing and Switching
- Network Security
- Wireless Networking
- Network Management and Monitoring
- Network Virtualisation
- Cloud Computing and Networking
- Network Troubleshooting
- Cryptography
- Operating Systems
- Programming and Scripting
- Project Management

1. Applying to Botho University

Before applying to Botho University, students are encouraged to take time out to familiarise themselves with all the programmes on offer. Applicants must meet all the relevant minimum requirements for the programme of study they wish to study. It is also important for applicants to assess whether the programme they choose interests them and that they want to make a career out of it. Our friendly Admission Team Counsellors will provide information needed about the programmes and assist applicants to make informed choices. Details on programmes are available on our website: www.bothouniversity.com

2. How to calculate points

The admission point system is used to measure your academic achievement based on your school-leaving results. Your school-leaving subject grades or percentages are converted into points as per the table above and based on your qualification. These points are added up to arrive at the number of points you have obtained.

3. Important points to remember when applying:

- All students can apply in person or using the online application form available on the website. Please read the “Steps to Apply” document available on the application portal before applying.
- Clear certified copies of all relevant educational certificates.
- Clear certified copies of passport/identity card.
- Please read the Fee Structure and Policy document available on the website before applying.
- Should you have any doubts on the application process please contact our admissions department for further assistance.

NURTURING STUDENT SUCCESS

OUR EMPLOYABILITY SERVICES

Experience #Vibrance at Botho University: Offering an #enriching #transformational #globalstandard student life experience

Any student considering their long term career options can rest assured that Botho University's highly industry relevant programs of study will help them achieve all their academic goals. However students must also consider Botho University for its strong focus on offering an unforgettable and positive university experience during their time with us. Botho University offers relevant, high quality, innovative and digitally driven support services to ensure that all students have an extremely meaningful and fulfilling experience with us. The Student and Alumni Affairs Department or SAAD is the department that offers a host of wellness, welfare, employability and entrepreneurship related services to all students to ensure they receive an amazing return on their investment by being a student of Botho University. The SAAD ensures that Botho University offers an environment that fosters a highly practical, deeply engaging learning experience through a nurturing, positive and caring environment. We are a department committed to **#StudentSuccess** through all our services.

Academic and Psychosocial Counseling Services:

SAAD offers its students regular training, feedback and counseling on all academic matters with the support of other departments to ensure student success. With the continued growth of the Eswatini campus, SAAD plans to expand the scope of its counseling services to help students cope with any challenges they may be facing.

Health and Wellness:

SAAD is responsible for conducting workshop and awareness programmes to build a healthy generation of learners on campus. **The university already conducts a number of such activities for our Eswatini students and is committed to expanding its health and wellness services with the growth of the campus.**

Sports Culture and Recreation:

SAAD is responsible for hosting a variety of sporting and non sporting clubs on campus to provide students opportunities for discovering their talents and pursuing a variety of activities aimed at their holistic development beyond the confines of the classroom. The institution has access to well equipped sporting facilities through collaborations with external providers. The institution invests into memberships with a number of reputable sporting associations across the country to offer students the opportunities to participate in sporting events. Botho University in other campuses of operation has over the years produced many national and international athletes and non sporting club achievers due to its emphasis on providing an environment for students to express themselves through sport, clubs and a host of recreational activities. **SAAD is committed to encouraging creativity and talent at all levels and provides our Eswatini students ample opportunities and support to explore their interests with many activities being offered to them already.**

Internship Guidance and Support:

SAAD prides itself on being a leader in offering a host of path breaking career development services to all students. All students are expected to complete a credit bearing mandatory internship. SAAD is fully committed to preparing students from the moment they enter the university to prepare them for maximizing their internship experience including CV preparation, mock interviews, internship workshops prior to the start of internship to align academic and professional development expectations, support to students in finding relevant internships through our vast network of industry partners, handling all administrative matters related to internships and overall ensuring that all students utilise their internship not just to gain academic credit but also to emerge industry ready and with valuable work experience. **SAAD has ensured that Botho University has a 100% internship placement rate in all countries of operation and is committed to the same support for our Eswatini campus as well.**

Community Engagement:

SAAD is responsible for all community SAAD is responsible for all community engagement activities at Botho Universities. This is in line with developing students who are socially responsible individuals using their education for the greater good and finding solutions to the problems of the local community. SAAD constantly creates opportunities for our students to participate in volunteering activities, community service and development events, empowerment of disadvantaged, underprivileged and economically constrained sections of society through training, workshops, donations, bootcamps, awareness campaigns etc. We establish long term partnerships with communities and NGOs to offer our students an insight into their challenges and use critical thinking and problem solving skills to participate and implement programs that try to mitigate these issues. This is all done in fostering a spirit of Botho and compassion in all our students during their tenure of study with us. **SAAD is already offering a range of community activities for our Eswatini students who are participating actively.**

Student Exchange:

Botho University being a pan african university has many international agreements with highly reputable quality universities globally for purposes of student exchange. SAAD offers this as one more career development opportunity for eligible students to be able to study abroad for a semester at one of our partner universities based in Germany, Sweden, Turkey, India or South Africa. We have been sending Botho University students to study on exchange since 2016. Through student exchange Botho University offers an unbeatable, multicultural and international university atmosphere at par with any global university to our students. We continue to grow our network to partnerships with universities in new countries to keep up with the growing demand for student exchange on campus. **The university hopes to be able to start offering student exchange opportunities to our students in Eswatini in the near future.**

Alumni Relations:

Alumni engagement is any educational providers' return on investment. Alumni are an important part of the Botho community and SAAD prioritizes alumni engagement. SAAD actively works to establish lifelong connections with our graduates primarily through our alumni association Facebook page with more than 5000 members and growing. The Alumni association offers immense value to members by constantly advertising opportunities for professional development including scholarships to study abroad, placement and volunteer opportunities, exclusive access to career development events, expert speakers, training workshops, webinars on topics of interest, constant updates on developments at Botho University as a panafrican provider of quality education, networking platforms, alumni discounts and benefits, tracer studies and so much more. **Our first batch of Eswatini graduates will also be invited to join the Alumni Association and take advantage of the opportunities availed to them as part of the group.**

Graduate Placement Support:

SAAD at Botho University dares to go where few institutions may venture. In light of the high unemployment rates in the countries where we operate, Botho University's strategic focus on employability continues to drive SAAD's initiatives. Through SAAD's efforts, Botho University has placed large numbers of Botho

graduates with reputable employers over the years in our other campuses. The department actively and aggressively engages with industry to formalize partnerships that offer assured placement support to our students and graduates. SAAD also conducts highly successful annual employability fairs to bring together employers and job seekers, even conducting them on virtual interactive platforms, a first for the entire Southern African region. With our batch of graduates from Eswatini campus, SAAD will focus on assisting them in placement as best as possible.

Remote Internships at Botho University - Education by bringing international employers to embrace African potential
